Click on the "Email" option (should be checked by default)</li> <li>3. Input a valid email address NOT linked to a voxy account</li> <li>4. Turn off the internet connection</li> <li>5. Click on "continue"</li> </ol>	A message regarding the unauthorized login attempt will be shown as a pop-up
	3	User attempts to login while leaving the email field empty		<ol style="list-style-type: none"> <li>1. Access voxy's login page: <a href="https://web-stage.voxy.com/v2/#/login/">https://web-stage.voxy.com/v2/#/login/</a></li> <li>2. Click on the "Email" option (should be checked by default)</li> <li>3. Try to click on "continue"</li> </ol>	User will be unable to click the "continue" option
	4	User attempts to login with an invalid email address	email address: abc	<ol style="list-style-type: none"> <li>1. Access voxy's login page: <a href="https://web-stage.voxy.com/v2/#/login/">https://web-stage.voxy.com/v2/#/login/</a></li> <li>2. Click on the "Email" option (should be checked by default)</li> <li>3. Input an valid email address</li> <li>4. Try to click on "continue"</li> </ol>	User will be unable to click the "continue" option

	5	User attempts to login with a valid email address, but not linked to any valid voxy accounts	email address: test@tesmail.com	<ol style="list-style-type: none"> <li>1. Access voxy's login page: <a href="https://web-stage.voxy.com/v2/#/login/">https://web-stage.voxy.com/v2/#/login/</a></li> <li>2. Click on the "Email" option (should be checked by default)</li> <li>3. Input a valid email address NOT linked to a voxy account</li> <li>4. Click on "continue"</li> </ol>	A message regarding the unauthorized login attempt will be shown as a pop-up
	6	User attempts to input data on the "email" field while having the "mobile number" option selected		<ol style="list-style-type: none"> <li>1. Access voxy's login page: <a href="https://web-stage.voxy.com/v2/#/login/">https://web-stage.voxy.com/v2/#/login/</a></li> <li>2. Click on the "Mobile Number" option (should NOT be checked by default)</li> <li>3. Attempt to input data on the "email" field</li> </ol>	The user will be unable to input data
	7	User attempts to login filling the "mobile number" field with an email address		<ol style="list-style-type: none"> <li>1. Access voxy's login page: <a href="https://web-stage.voxy.com/v2/#/login/">https://web-stage.voxy.com/v2/#/login/</a></li> <li>2. Click on the "Mobile Number" option (should NOT be checked by default)</li> <li>3. Input a valid email address on the "Mobile Number" field</li> <li>4. Try to click on "continue"</li> </ol>	User will be unable to click the "continue" option
<b>Scenario: User attempts to login via mobile number</b>	1	User attempts to login with a valid US mobile number linked to a voxy account	<i>a valid US mobile number linked to a voxy account</i>	<ol style="list-style-type: none"> <li>1. Access voxy's login page: <a href="https://web-stage.voxy.com/v2/#/login/">https://web-stage.voxy.com/v2/#/login/</a></li> <li>2. Click on the "Mobile Number" option (should NOT be checked by default)</li> <li>3. Input a valid mobile number linked to a voxy account</li> <li>4. Click on "continue"</li> </ol>	User should be successfully taken to the next step

	2	User attempts to login with a valid non US mobile number linked to a voxy account	<i>a valid non US mobile number linked to a voxy account</i>	<ol style="list-style-type: none"> <li>1. Access voxy's login page: <a href="https://web-stage.voxy.com/v2/#/login/">https://web-stage.voxy.com/v2/#/login/</a></li> <li>2. Click on the "Mobile Number" option (should NOT be checked by default)</li> <li>3. Click on the flag icon and chose the country of the mobile number to be input</li> <li>4. Input a valid mobile number linked to a voxy account from the previously selected country</li> <li>5. Click on "continue"</li> </ol>	User should be successfully taken to the next step
	3	User attempts to login with a valid mobile number NOT linked to a voxy account	mobile number (US): (541) 754-3010	<ol style="list-style-type: none"> <li>1. Access voxy's login page: <a href="https://web-stage.voxy.com/v2/#/login/">https://web-stage.voxy.com/v2/#/login/</a></li> <li>2. Click on the "Mobile Number" option (should NOT be checked by default)</li> <li>3. Input a valid mobile number NOT linked to a voxy account</li> <li>4. Click on "continue"</li> </ol>	A message regarding the unauthorized login attempt will be shown as a pop-up
	4	User attempts to login while leaving the mobile number field empty		<ol style="list-style-type: none"> <li>1. Access voxy's login page: <a href="https://web-stage.voxy.com/v2/#/login/">https://web-stage.voxy.com/v2/#/login/</a></li> <li>2. Click on the "Mobile Number" option (should NOT be checked by default)</li> <li>3. Try to click on "continue"</li> </ol>	User will be unable to click the "continue" option
	5	User attempts to login with an invalid mobile number	mobile number: 123	<ol style="list-style-type: none"> <li>1. Access voxy's login page: <a href="https://web-stage.voxy.com/v2/#/login/">https://web-stage.voxy.com/v2/#/login/</a></li> <li>2. Click on the "Mobile Number" option (should NOT be checked by default)</li> <li>3. Input an valid mobile number</li> </ol>	User will be unable to click the "continue" option

				4. Try to click on "continue"	
	6	User attempts to input data on the "mobile number" field while having the "email" option selected		<ol style="list-style-type: none"> <li>1. Access voxy's login page: <a href="https://web-stage.voxy.com/v2/#/login/">https://web-stage.voxy.com/v2/#/login/</a></li> <li>2. Click on the "Email" option (should be checked by default)</li> <li>3. Attempt to input data on the "mobile number" field</li> </ol>	The user will be unable to input data
	7	User attempts to login filling the "email" field with a mobile number	mobile number (US): (541) 754-3010	<ol style="list-style-type: none"> <li>1. Access voxy's login page: <a href="https://web-stage.voxy.com/v2/#/login/">https://web-stage.voxy.com/v2/#/login/</a></li> <li>2. Click on the "Email" option (should be checked by default)</li> <li>3. Input a valid mobile number on the "Email" field</li> <li>4. Try to click on "continue"</li> </ol>	User will be unable to click the "continue" option
	8	User attempts to login with a valid mobile number NOT linked to a voxy account, but the connection is lost	mobile number (US): (541) 754-3010	<ol style="list-style-type: none"> <li>5. Access voxy's login page: <a href="https://web-stage.voxy.com/v2/#/login/">https://web-stage.voxy.com/v2/#/login/</a></li> <li>6. Click on the "Mobile Number" option (should NOT be checked by default)</li> <li>7. Input a valid mobile number NOT linked to a voxy account</li> <li>8. Turn off the internet connection</li> <li>9. Click on "continue"</li> </ol>	A message regarding the unauthorized login attempt will be shown as a pop-up
